## Our Mission

---

BHF-Tokens are unregulated utility tokens that give rights to receive the services on the Blue Hill Platform. BHF-Token is the only way to access the future Blue Hill Platform which is a peer to peer professional service connecting certified mine-companies, smelters, logistic companies, banks and multinational companies allowing to lock up orders as well as transparent and direct trading and certifying its origins which is still ineffective and opaque in the traditional way. The BHF-Token is the only way to have an access to the Blue Hill Platform as a kind of "Membership of a Club".

The BHF-Tokens will be used on the trading Blue Hill Platform for international companies to trace the origins of all of the ethically sourced mineral resources. For these reasons the BHF-Token shall only be issued once the Blue Hill Platform is ready. The BHF-Token is not a payment method for the resources, minerals or goods, nor does it give any voting rights of the Blue Hill Mining company or the management of the project or receive any dividend payment.

## Why use Blockchain

---

The Blockchain as technology and tool, has the properties of being an incorruptible digital ledger of economic transactions. The Blockchain can be programmed and set to record not just financial transactions, but virtually everything of value that may be needed to recorded and secured.

The information held on a Blockchain exists as a shared, and continually reconciled database among all the users

writing and reading on it. The Blockchain database is not stored in any single location, meaning the records it keeps are truly public and easily verifiable, staying on the Blockchain permanently.

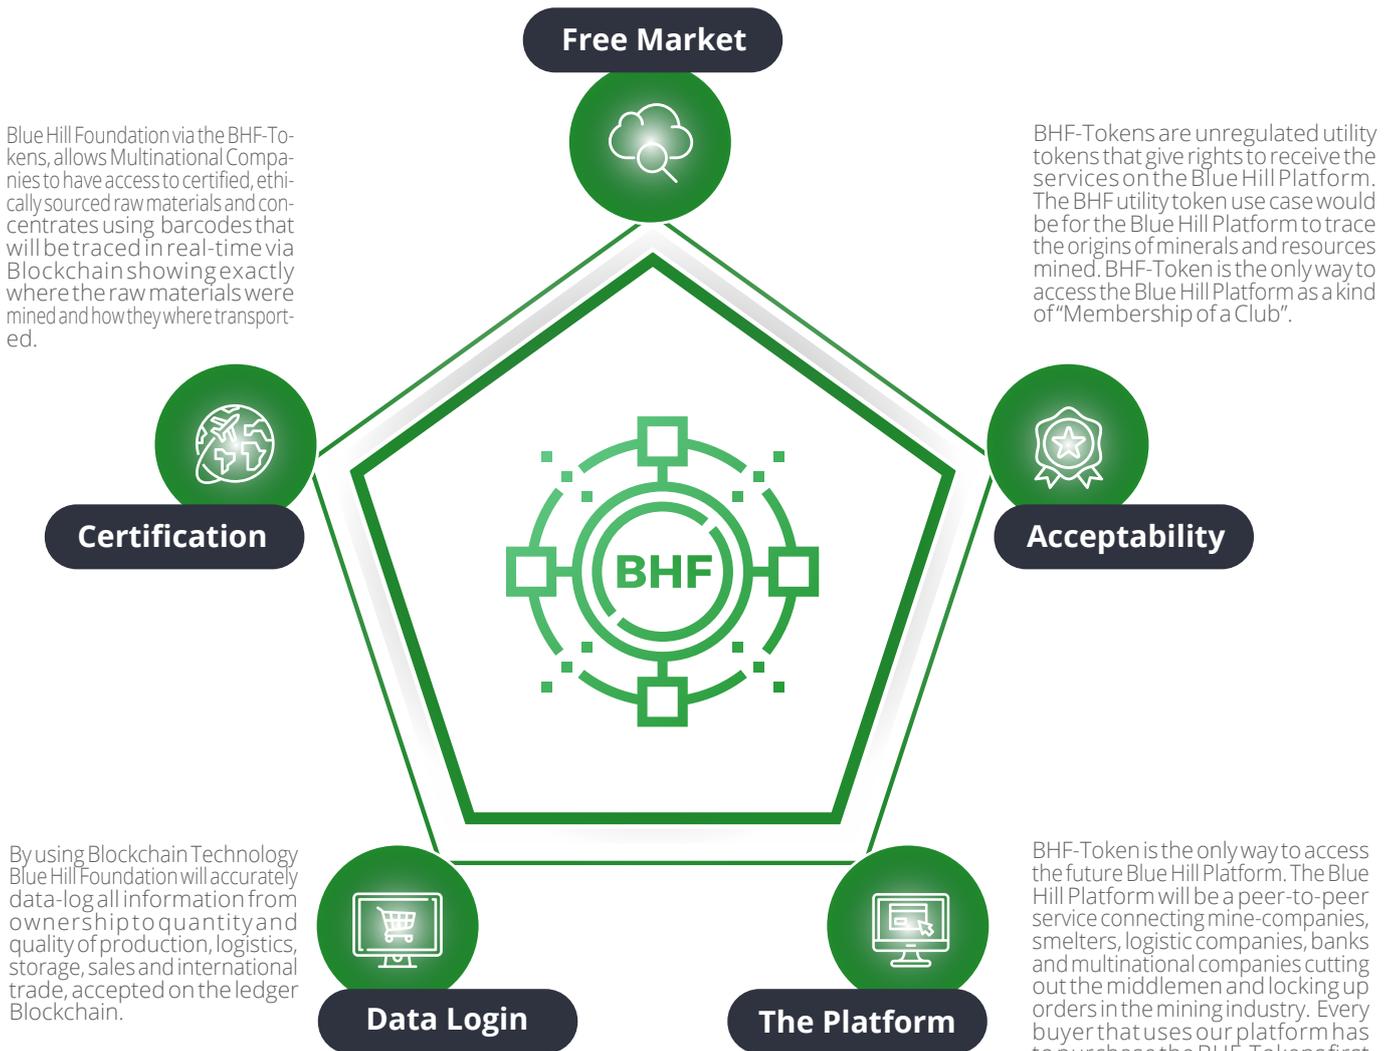

Blue Hill Foundation will bring more efficiency and transparency using Blockchain technology in the below mentioned 5 ways, revolutionizing the mining industry that is still ineffective and opaque in the traditional way.

## Our Token

Most investor's transactions lack exposure to a global investor base, but Blue Hill Foundation open the door to a 24/7 worldwide market. Since many fees associated to financial transactions are due to middlemen, tokens are an interesting way to bypass much of these fees.

Blue Hill Foundation via the BHF-Tokens, allows Multinational Companies to have access to certified, ethically sourced raw materials and concentrates using barcodes that will be traced in real-time via Blockchain showing exactly where the raw materials were mined and how they were transported.

BHF-Tokens are unregulated utility tokens that give rights to receive the services on the Blue Hill Platform. The BHF utility token use case would be for the Blue Hill Platform to trace the origins of minerals and resources mined. BHF-Token is the only way to access the Blue Hill Platform as a kind of "Membership of a Club".

By using Blockchain Technology Blue Hill Foundation will accurately data-log all information from ownership to quantity and quality of production, logistics, storage, sales and international trade, accepted on the ledger Blockchain.

BHF-Token is the only way to access the future Blue Hill Platform. The Blue Hill Platform will be a peer-to-peer service connecting mine-companies, smelters, logistic companies, banks and multinational companies cutting out the middlemen and locking up orders in the mining industry. Every buyer that uses our platform has to purchase the BHF-Tokens first in order to trace and/or buy gold, copper, nickel or any other minerals. Through the use of the BHF-Token buyer will receive a discount on the Blue Hill Platform services.

**Speculative Investment:** Investment in a small unquoted company such as the above offering companies ("the Company") is speculative and involves a higher degree of risk than an investment in a quoted company. The value of investments can go down as well as up and you may not get back the full amount originally invested. An investment should therefore only be considered by those persons who are prepared to sustain a loss on their investment. Investors should be aware of the risks of investment in such companies and should make the decision to invest only after careful consideration and, if appropriate, consultation with an independent financial adviser.

**Not an Approved Prospectus:** This document is not an approved prospectus for the purpose of section 85(1) of Financial Services and Markets Act 2000 ("FSMA"). Application has NOT been made for the issued ordinary capital of the Company to be admitted to trading on any stock exchange.

**Confidentiality:** This Document is confidential and is intended for the use of the addressee only and is not for circulation or dissemination to third parties. Recipients other than persons to whom this communication has been sent are requested to return this document immediately.

**No Trading Admission:** Application has not been made for the issued ordinary capital of the Company to be admitted to trading on any trading platform, which would allow trading in the shares of unquoted companies.

**Lightpaper only:** The offering is a Lightpaper, which is not generally available to the public and is available only through private invitation of the issuing Company.

**Excluded Jurisdictions:** The Placement is not being made, directly or indirectly, in or into the United States, Canada, Australia, Japan, or South Africa or their respective territories or possessions, and documents should not be distributed, forwarded or transmitted in or into such territories. The Ordinary Shares have not been and will not be registered under the United States Securities Act of 1933 (as amended) and may not be offered, sold or delivered, directly or indirectly, in or into the United States, Canada, Australia, Japan or South Africa.

**Switzerland:** The Company has not been approved by the Swiss Financial Market Supervisory Authority (FINMA) as a foreign collective investment scheme pursuant to Article 120 of the Swiss Collective Investment Schemes Act of June 23, 2006 (CISA). Consequently, the Ordinary Shares may not be distributed in or from Switzerland to non-qualified investors within the meaning of the CISA or otherwise in any manner that would constitute a public offering within the meaning of the Swiss Code of Obligations (CO) and will not be listed on the SIX Swiss Exchange (SIX) or on any other stock exchange or regulated trading facility in Switzerland.

This Offer has been prepared without regard to the disclosure standards for prospectuses under the CISA, Article 652a or 1156 CO or the listing rules of SIX or any other exchange or regulated trading facility in Switzerland and therefore does not constitute a prospectus within the meaning of the CISA, Article 652a or 1156 CO or the listing rules of SIX or any other exchange or regulated trading facility in Switzerland. The Ordinary Shares may not be publicly offered (as such term is defined in the CO) in Switzerland and may only be distributed in or from Switzerland to qualified investors (as such term is defined by the CISA and its implementing ordinance). Neither this Lightpaper nor any other offering or marketing material relating to the Company or the Ordinary Shares may be distributed to non-qualified investors within the meaning of the CISA in or from Switzerland or made available in Switzerland in any manner which would constitute a public offering within the meaning of the CO and all other applicable laws and regulations in Switzerland. Neither this Lightpaper nor any other offering or marketing material relating to the Company or the Ordinary Shares have been or will be filed with, or approved by, any Swiss regulatory authority. The investor protection afforded to investors of interests in collective investment schemes under the CISA does not extend to acquirers of Ordinary Shares.

**Subsequent Purchasers:** The information contained in this document has been prepared solely for the purposes of the Placement and is not intended to inform or be relied upon by any subsequent purchasers of Ordinary Shares and accordingly no duty of care is accepted in relation to them.

**Forward Looking Statements:** Potential shareholders contemplating an investment in the Ordinary Shares should recognise this document as well as any other documents supplied by Blue Hill Mining should read in its entirety before making any investment in the Company. Certain statements contained herein are forward looking statements and are based on current expectations, estimates and projections about the potential returns of the Company and industry and markets in which the Company will operate, the Directors' beliefs and assumptions made by the Directors. Words such as "expects", "anticipates", "should", "intends", "plans", "believes", "seeks", "estimates", "projects", "pipeline", "aims", "may", "targets", "would", "could" and variations of such words and similar expressions are intended to identify such forward looking statements and expectations. These statements are not guarantees of future performance or the ability to identify and consummate investments and involve certain risks, uncertainties, outcomes of negotiations and due diligence and assumptions that are difficult to predict, qualify or quantify. Therefore, actual outcomes and results may differ materially from what is expressed in such forward looking statements or expectations. Among the factors that could cause actual results to differ materially are: the general economic climate, competition, interest rate levels, loss of key personnel, the result of legal and commercial due diligence, the availability of financing on acceptable terms and changes in the legal or regulatory environment. These forward-looking statements speak only as at the date of this document. The Company expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward looking statements contained herein to reflect any change in the Company's expectations with regard thereto or any change in events, conditions or circumstances.
